

HALL OF FAME CLASS OF 2023

Altamead Morgan

Altamead Morgan has been serving the citizens of Leon County and Tallahassee for over thirty years as an emergency telecommunicator. She began her career with the Leon County Sheriff's Office, where she quickly excelled and was promoted to shift supervisor, becoming the first African American dispatch supervisor at the LCSO.

Her leadership skills were put to the test as the community shifted to an agency-consolidated communications center in March 2013 to form the Consolidated Dispatch Agency. She was instrumental in the transition. Through her leadership and experience, she navigated the challenges of integrating multiple agencies into a single operation.

Altamead has extensive training in specialized areas of emergency telecommunications, including quality assurance, crisis intervention, leadership development, and incident command systems. She has been recognized throughout her career for her dedication, work ethic, and communication skills. She continues to selflessly serve her community at the Consolidated Dispatch Agency as a shift commander. She is a leader among her peers and is helping shape the organization's future by mentoring up-and-coming dispatchers.
