MEMORANDUM

TO: District Board of Trustees
FROM: Jim Murdaugh, President 
SUBJECT: 2018 Textbook Affordability Compliance Report

Item Description

This item presents the 2018 textbook affordability compliance report.

Overview and Background

The 2016 legislative session created new accountability measures for Florida College System governing boards for overseeing the affordability of textbooks and instructional materials.

According to Florida Statute 1004.085(8), the Board of Trustees of each Florida College System institution is required to submit a report to the Chancellor of the Florida College System by September 30th. The report must contain the textbook and instructional materials selection process for general education courses with a wide cost variance. Additionally, the report must contain TCC's compliance with at least 95% of all courses and course sections textbook information being posted for students at least 45 days before the first day of class for each term.

The attached report summarizes TCC's courses with a wide cost variance. Majority of the variances are related to saving money on textbook costs for students. The college continues to make gains in lowering the cost of materials for students, including expanding high enrollment general education math courses that utilize Open Educational Resources (OER) for all sections as well as providing OER for ENC1101 and ENC1102 for the dual enrollment courses taught at the local high schools in order to decrease the cost of textbooks for the school districts.

Past Actions by the Board

The Board reviewed and approved previous reports based upon updated legislative requirements.

Funding/Financial Implications

None

Staff Resource

Feleccia Moore-Davis

Recommended Action

Approval of the 2018 report for submission for the Florida College System Chancellor

FCS Textbook and Instructional Materials Affordability Report

1. **College:** Tallahassee Community college
2. **Report completed by:** Calandra Stringer, 850-201-6036, stringec@tcc.fl.edu
3. **What is your institution's selection process for textbook and instructional materials?**

The choice of textbooks is a divisional responsibility with the actual selection being a function of the faculty teaching a specific course. Each textbook selection cycle adheres to a comprehensive process where all faculty members participate on some level. Every two full calendar years, each program assembles a textbook committee. The process begins with the committee developing a set of criteria by which they will evaluate a textbook that may satisfy the needs of the program. The next task on the committee's agenda is to evaluate the strengths and weaknesses of the current textbook. If the committee elects to explore other options, the course coordinator or any other committee member is charged with soliciting publishers for copies of its textbooks and/or ancillary materials. Each committee member evaluates all textbooks and ancillary materials brought forth by the committee. The committee narrows the options and presents the finalists for the faculty vote. After collaboration, the faculty member(s) concerned make a recommendation to the dean/ director.

4. **List and describe the policies your institution has implemented regarding the posting of lists of required and recommended textbooks and instructional materials.**

Tallahassee Community College (TCC) has a textbook adoption procedure that includes a timeline for textbook selections being posted no later than 45 days prior to the start of the semester in which the textbooks are used. The timeline includes adoption due dates at 30 days prior to the opening of registration for the semester. Registration usually opens 60 days prior to the start of the semester. This allows time to deal with any publisher issues.

5. **What is the number and percent of course sections, by semester, that were not able to meet the textbook and instructional materials posting deadlines for the 2017-2018 year? In an Excel file, please list the courses, semester and explain why each was not posted 45 days before the first day of class. Send the file to ChancellorFCS@fldoe.org.**

Summer 2017 Number = 135 sections

Summer 2017 Percent = 18%

Fall 2017 Number = 184 sections

Fall 2017 Percent = 12%

Spring 2018 Number = 79 sections

Spring 2018 Percent = 6%

6. Of the following initiatives designed to reduce the cost of textbooks and instructional materials, identify the ones your college offers. (Colleges will be able to check all that apply.)

- Open Educational Resources**
- Textbook Affordability Committees**
- Textbook Rentals**
- Offer Program(s) with No textbook Costs**
- Faculty Grants for Development of Textbooks**

7. Which of the following factors does the college consider when selecting materials through a cost-benefit analysis? (Colleges will be able to check all that apply.)

- Purchasing digital textbooks in bulk
- Expanding the use of open-access materials
- Providing rental options for textbooks and related materials
- Increasing the availability and use of affordable digital textbooks and learning objects
- Developing mechanisms to assist in buying, renting, selling and sharing textbooks
- Setting the length of time that textbooks and instructional materials remain in use
- Expanding cost-savings for textbooks and instructional materials that a student may realize
- individual students are able to exercise opt-in provisions for the purchase of materials

8. What percentage of the college's general education core courses use open educational resources as an instructional materials option?

15%

Institutional Effectiveness Brief

Analysis of Cost Variation in Textbooks for Fall 2017 through Summer 2018 July 20, 2018

Fall 2017

Course sections with no discrepancies

- General Education/Communications: No discrepancies. This is true for retail textbooks (new and used) and for rental texts (new and used).
- General Education/Humanities: No discrepancies. This is true for retail textbooks (new and used) and for rental texts (new and used).
- General Education/Science: No discrepancies. This is true for retail textbooks (new and used) and for rental texts (new and used).

Discrepancies that cost students more money than the majority text(s)

General Education: Mathematics

- MAC2311:
 - Retail: There are two instances (2 sections) of cost variation that add \$24.49 to the cost of a new retail book. There are no discrepancies among sections for used retail texts; nor were there any discrepancies for rental texts.
 - Rental: No discrepancies

General Education: Social Sciences

- AMH2010:
 - Retail: All but one faculty member (2 sections) provided students with a choice of either a new retail hard copy text or a digital version. The hard copy text used by the discrepant faculty member is \$9.50 more than the one used by the majority of faculty members. The digital text used by a majority of faculty is \$41.75 more than the hard copy text used by the discrepant faculty member.
 - Rental: One faculty member (3 sections) did not offer a new rental or used rental text that could have saved students money over the cost of a retail text.
- AMH2020:
 - Retail: A majority of faculty provided students with a choice of either a hard copy text or a digital version. One discrepant faculty member (3 sections) offered only the digital version of the text. The digital version is \$51.25 more than the hard copy text. Another discrepant faculty member (2 sections) offered only a hard copy text. It was \$9.50 more than the hard copy texts used by the majority of faculty who teach AMH2020.
 - Rental: One faculty member (2 sections) did not offer a new rental or a used rental text that could have saved students money over the cost of a retail text.
- PSY2012:
 - Retail: There was one instance of cost variation (1 section) that added \$11.50 to the digital textbook cost for new retail books and \$9.40 to the cost of a used retail book.
 - Rental: No rental texts were available.

Discrepancies that cost student less money than the majority text(s)

General Education: Social Sciences

- AMH2010:
 - Retail: One faculty member (3 sections) used a hard copy used text was \$35.25 less than the digital text offered by the majority of AMH2010 faculty. He did not have a digital text.
 - Rental: The discrepant faculty member did not have a rental text.
- AMH2020:
 - Retail: One faculty member (2 sections) used a hard copy used text that was \$31.25 less than the digital used text adopted by the majority of faculty. He did not have a digital text.
 - Rental: One faculty member (3 sections) did not offer a new rental or used rental text that could have saved students money over the cost of a retail text.
- ECO2013:
 - Retail: One faculty member (2 sections) offered a new retail digital textbook that was \$11.00 less than the digital text used by a majority of faculty members who teach the course.
 - Rental: The same faculty member offered a new rental text and a used rental text. The other faculty did not offer rental versions of their texts.
- ECO2023:
 - Retail: There was one instance (1 section) of cost variation among the new retail digital texts that saved students \$11.00.
 - Rental: One faculty member (1 section) offered a new and a used rental. The other faculty did not.
- SYG1000:
 - Retail: There is one instance (1 section) of cost variation that saved students \$20.76 for the new retail text and \$15.50 on the used retail text.
 - Rental: No rental texts were offered.

Spring 2018

Course sections with no discrepancies

- General Education/Humanities: No discrepancies. This is true for retail textbooks (new and used) and for rental texts (new and used).
- General Education/Mathematics: No discrepancies. This is true for retail textbooks (new and used) and for rental texts (new and used).

Discrepancies that cost students more money than the majority text(s)

- AMH2010:
 - Retail: One faculty member (2 sections) used a new text that was \$9.50 more than the hard copy text used by the other faculty members. The discrepant faculty member offered a used hard copy text; his colleagues did not.
 - Rental: The discrepant faculty member did not have a rental text. The other faculty had digital rentals.
- AMH2020:
 - Retail: One faculty member (2 sections) used a new text that was \$9.50 more than the hard copy text used by the other faculty members. The discrepant faculty member offered a used hard copy text; his colleagues did not.

- Rental: The discrepant faculty member did not have a rental text. The other faculty had digital rentals.
- ECO2023:
 - Retail: One faculty member (1 section) had a new text that was \$4 more than the new texts used by other faculty. His used text was \$3.00 more than his colleague's used text.
 - Rental: No rental texts were available.
- SYG1000:
 - Retail: 9 sections were offered; they were taught by four different faculty. Five sections had a new text that was \$107.50, two sections had a new text that was \$89.75, and two sections had a new text that was \$35.50.
