

The University of Miami Gordon Center for Simulation and Innovation in Medical Education
Prehospital and Emergency Training
invites you to participate in its training:

Tactical and Medical Response to Active Shooter Hostile Events

Training Announcement

This is a 1-day, face-to-face provider training on active shooter response that provides interactive lectures, hands-on skill stations, as well as simulation exercises (scenarios), for a multidisciplinary population of learners, including law enforcement, fire service, Emergency Medical Services, and other first responders.

Professional Disciplines: All Public Safety-First Responders expected to respond to Active Shooter Hostile Events.

The training is designed to equip learners to:

- Adopt adaptive response strategies to incidents of mass violence
- Manage mass trauma and exercise lifesaving skills in simulated environments
- Navigate through the incident area, locate casualties, and perform triage
- Implement techniques, tools, and strategies to effectively respond to incidents of mass violence involving an active shooter or explosive devices
- Collaborate with law enforcement, fire rescue, and EMS personnel to achieve optimal response.

Cost for Training: FREE!

Date: September 24th, 2025

Time: 8:00 AM to 5:00 PM

Location: Florida Public Safety Institute
75 College Drive, Suite, 203
Havana, FL 32333

How to Register: [https://
emergencytraining.gordoncenter.miami.edu/
course/index/350](https://emergencytraining.gordoncenter.miami.edu/course/index/350)

Lunch will be provided
