

# Detecting Deception

## REGION XV

FPSI

### Course Outline:

Detecting Deception is a course designed to provide insight and training into the only three ways people can be deceptive: writing, body language, and any type of verbal statements. An individual who has training in these areas is far better able to detect when someone is being truthful or deceptive. The skills learned in this training will not only be able to be applied to cases you are going to be involved in, but it can also be applied to previous cases. This course complements the CJSTC #47 Interviews & Interrogations course.

### Who Should Attend:

To attend this training the participant must be a Florida law enforcement officer, corrections officer, probation officer, or support personnel for a Florida law enforcement organization. For salary incentive courses, all officers outside Region III/XV must provide written authorization by agency representative requesting attendance and election of salary incentive or mandatory retraining.
