

Social Media Investigations Region XV

August 23, 2024 ◊ 12:00 PM - 4:00 PM
ONLINE

Course Outline:

Social Media is the road map to where people communicate and socialize every aspect of their life and relationships; both good and bad. Digital evidence is prevalent throughout various social media platforms. In the face of technology, investigators will learn how to search and find electronically stored information on social media that will provide additional evidence leads in their investigations.

Course Objectives:

This Course provides a step-by-step process on the proper methods to using social media to locate digital evidence in investigations. In this class, students will use tools and investigative skills to access social media sites for case evidence. This course is designed to instruct law enforcement officers, analysts, and prosecutors on techniques to explore social media evidence in investigations.
